DECLARATION

I hereby declare that the report entitled “**Tally ERP 9 – Lab Report for Financial Accounting**” submitted by me is an original and genuine work carried out as a part of the academic requirements for the **Bachelor of Computer Applications (BCA)** program under **Tribhuvan University**.

This report reflects my personal efforts and understanding of the subject, and includes practical exercises, ledger creations, voucher entries, and financial analysis conducted using **Tally ERP 9 software**. All data, screenshots, and demonstrations are the results of my own work. Proper acknowledgment has been provided for all external references, tools, and learning materials consulted during the preparation of this report.

I further confirm that this report has not been submitted, in whole or in part, to fulfill the requirements of any other academic course or program. I have upheld the principles of academic honesty and integrity throughout the process.

I would also like to express my heartfelt gratitude to my supervisor, **Mr. Ram Dinesh Mishra**, for his valuable guidance, encouragement, and support throughout the completion of this lab work.

Submitted by:

CERTIFICATE FROM THE SUPERVISOR

This is to certify that the laboratory report titled “**Tally ERP 9 – Lab Report for Financial Accounting**” has been diligently prepared by **Bishesh Upreti** in fulfillment of the academic requirements for the **Bachelor of Computer Applications (BCA)** degree at the **Faculty of Humanities and Social Sciences, Tribhuvan University**.

Throughout the completion of this report, **Bishesh Upreti** has demonstrated a sound understanding of financial accounting principles and proficient usage of **Tally ERP 9 software**. The report reflects Bishesh Upreti’s dedication to academic excellence and ability to effectively apply theoretical knowledge to practical tasks such as ledger creation, voucher entries, and report generation.

I hereby verify that, to the best of my knowledge, the work presented in this lab report is the original and independent work of **Bishesh Upreti**.

Basic Principle of Accounting

In order to maintain consistency, accuracy, and transparency in financial records, accounting follows a set of well-established principles. These principles guide how financial transactions should be recorded and reported. During our lab sessions using **Tally ERP 9**, we applied several of these principles while creating ledgers, vouchers, and financial statements. The key principles are discussed below:

1. Business Entity Principle

This principle treats the business as a separate entity from its owner. All financial transactions are recorded from the business's point of view. For example, any money invested by the owner is considered a liability (capital) of the business.

2. Money Measurement Principle

Only those transactions which can be measured in monetary terms are recorded in the books of accounts. Non-monetary aspects like employee skills or customer satisfaction are not recorded, even though they may influence business performance.

3. Going Concern Principle

It is assumed that the business will continue to operate for a foreseeable future. This principle justifies the treatment of assets at historical cost and supports long-term financial planning.

4. Cost Principle

According to this principle, assets should be recorded at their original purchase price, not at their current market value. This ensures objectivity and reliability in financial reporting.

5. Dual Aspect Principle

Every transaction affects at least two accounts – one debit and one credit. This is the foundation of the **double-entry accounting system**. For example, when goods are purchased with cash, inventory increases while cash decreases.

6. Revenue Recognition Principle

Revenue should be recognized when it is earned, not necessarily when payment is received. This principle helps match income with the correct accounting period.

7. Matching Principle

All expenses related to a particular period should be recorded in the same period in which the associated revenue is earned. This ensures accurate calculation of profit or loss.

8. Accrual Principle

Transactions are recorded when they occur, not when cash is exchanged. This gives a more accurate picture of the financial position of a business.

9. Consistency Principle

Accounting methods and policies should be applied consistently from one period to another. This allows for comparison of financial data across multiple periods.

10. Conservatism (Prudence) Principle

This principle suggests that in situations of uncertainty, accountants should choose the method that results in lower profits or asset valuation. For instance, expected losses are recorded immediately, while gains are only recorded when realized.

These principles form the foundation of accounting practices and were clearly reflected in the practical tasks we performed during the lab sessions. Understanding and applying these principles in **Tally ERP 9** helped us ensure that the financial data we entered was both meaningful and reliable.

Golden Rules of Accounting

In accounting, all financial transactions are classified into three types of accounts: **Real**, **Personal**, and **Nominal**. Each type follows a specific rule for recording debits and credits. These are popularly known as the **Golden Rules of Accounting** and are the foundation of the **double-entry accounting system**.

Real Accounts

Real accounts are related to assets and properties—both tangible and intangible—that belong to the business.

Golden Rule:

- Debit: What comes in
- Credit: What goes out

Example:

If the business purchases machinery (an asset), we debit the Machinery Account (because it comes in) and credit Cash (because cash goes out).

Personals Accounts

Personal accounts are related to individuals, firms, companies, or organizations.

Golden Rule:

- Debit: The receiver
- Credit: The giver

Example:

If cash is received from Ram, Ram (the giver) is credited and Cash is debited.

Nominal Accounts

Nominal accounts relate to expenses, losses, incomes, and gains. These accounts are temporary and closed at the end of each accounting period.

Golden Rule:

- Debit: All expenses and losses
- Credit: All incomes and gains

Example:

If salary is paid, Salary Account is debited (expense), and Cash is credited.

Tally ERP 9

Introduction

Tally ERP 9 is one of the most widely used accounting software in the business world. Developed by **Tally Solutions Pvt. Ltd.**, it is a powerful tool for financial management and reporting. The term ERP stands for **Enterprise Resource Planning**, which means it is not limited to accounting but also includes inventory management, payroll processing, taxation (VAT, GST), invoicing, and more.

Tally ERP 9 offers a user-friendly interface and supports various accounting features such as **voucher entry, ledger creation, trial balance, balance sheet, profit & loss account, and financial reporting**. It helps businesses maintain accurate records and comply with legal and tax-related requirements.

In our lab sessions, we used **Tally ERP 9** to perform practical exercises such as:

- Creating a company
- Setting up ledgers and groups
- Recording transactions through vouchers
- Generating financial reports

Some important terminology related to Accounting and Tally

Below are some key terms you must understand while working with **Tally ERP 9**:

Term	Definition
Ledger	A record of all transactions related to a particular account (e.g., Cash, Sales, Purchases).
Group	A category used to organize ledgers (e.g., Sundry Debtors, Current Assets).
Voucher	A document in Tally used to record a financial transaction (e.g., Payment Voucher, Sales Voucher).
Debit (Dr)	An entry made on the left side of an account, usually representing assets or expenses.
Credit (Cr)	An entry made on the right side of an account, usually representing liabilities or income.
Trial Balance	A report that lists all ledger balances to check mathematical accuracy of books.
Balance Sheet	A financial statement showing the company's assets, liabilities, and capital at a specific point in time.
Profit & Loss A/c	A report that shows the net profit or loss of a business over a period of time.
Capital Account	Shows the amount invested by the owner in the business.
Inventory	Goods and materials that a business holds for the purpose of resale.
GST/VAT	Goods and Services Tax / Value Added Tax – taxes that Tally can compute automatically.
Gateway of Tally	The main screen/interface from which all Tally functions are accessed.
Company Creation	The process of setting up a new organization's accounting structure in Tally.
Opening Balance	The balance in an account at the start of a new accounting period.

Company Creation

Company Creation in Tally ERP 9

Company Name : Special Pvt. Ltd.

Steps in Tally ERP 9:

1. Open Tally ERP 9.
2. From the Gateway of Tally, select Create Company.
3. Fill the company details:
 - Name, Address, Country, Phone, Email and other necessary detail.
4. Press Enter and then Y to save.

The screenshot shows the 'Gateway of Tally' window. On the right, a 'Company Info.' menu is open, with 'Create Company' highlighted. The menu also includes 'Select Company', 'Login as Remote User', 'Backup', 'Restore', and 'Quit'. The main area of the window is yellow and contains fields for 'Current Period', 'Current Date', 'List of Selected Companies', 'Name of Company', and 'Date of Last Entry'. The bottom status bar shows 'Tally MAIN -> Company Info.' and '© Tally Solutions Pvt Ltd. 1988-2020'.

The screenshot shows the 'Company Creation' screen. It is divided into several sections: 'Directory' (C:\Users\Public\Tally.ERP9\Data), 'Name' (Special Pvt. Ltd.), 'Primary Mailing Details' (Mailing name: Special Pvt. Ltd., Address: New Baneshwor, Kathmandu), 'Security Control' (TallyVault password, Repeat password, Use security control: No), 'Contact Details' (Phone no.: +977-9749408607, E-mail: special.pvt.contact@gmail.com, Website: www.special.com.np), and 'Base Currency Information' (Base currency symbol: NRs, Formal name: Nepalese Rupee, Suffix symbol to amount: No, Add space between amount and symbol: Yes, Show amount in millions: No). The bottom status bar shows 'Tally MAIN -> Company Info. -> Company Creation' and '© Tally Solutions Pvt Ltd. 1988-2020'.

Altering and Deleting a Company

In Tally ERP 9, users may need to **modify** a company's details (like name, address, or financial year), or **delete** the company entirely if it is no longer needed. Below are the proper steps for both actions.

A. Steps to Alter a Company

To update or correct company information such as name, address, email, or financial year.

Steps:

- 1) Open **Tally ERP 9**.
- 2) Press **Alt + F3** from **Gateway of tally** to open the **Company Info** menu.
- 3) Select **Alter**.
- 4) Choose the company you want to alter
- 5) The Company Alteration screen will appear. Make the required changes
- 6) After editing, press **Ctrl + A** to save the changes.

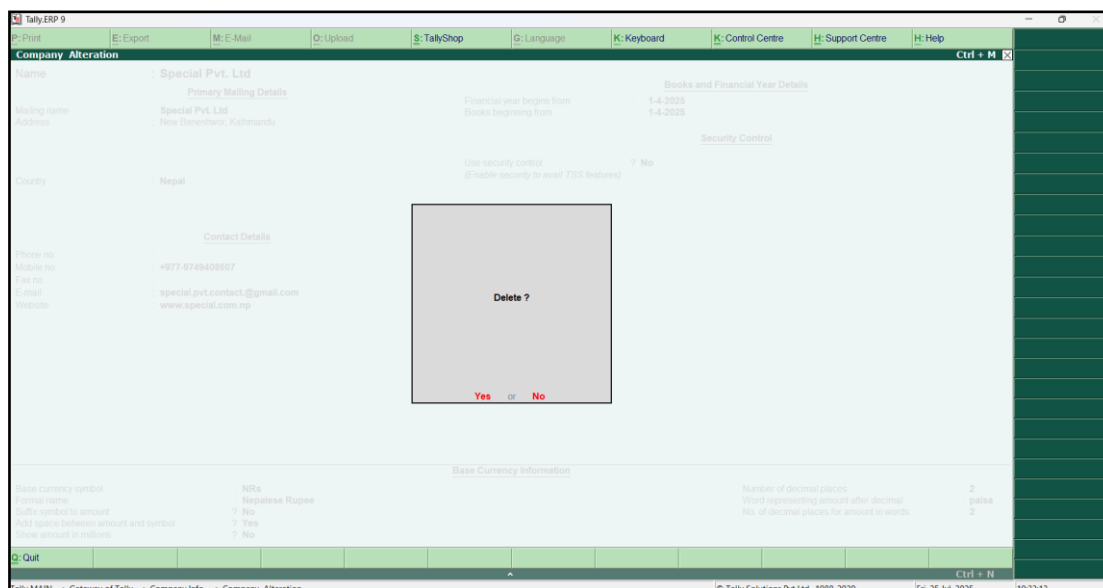

B. Steps to Delete a Company

To permanently remove a company and all its records from Tally ERP 9.

Steps:

- 1) Press **Alt + F3** to go to the **Company Info** menu.
- 2) Select **Alter**.
- 3) Choose the company you want to delete
- 4) When the company opens in alteration mode, press **Alt + D**.
- 5) A confirmation message will appear: Press **Y** to confirm the deletion.

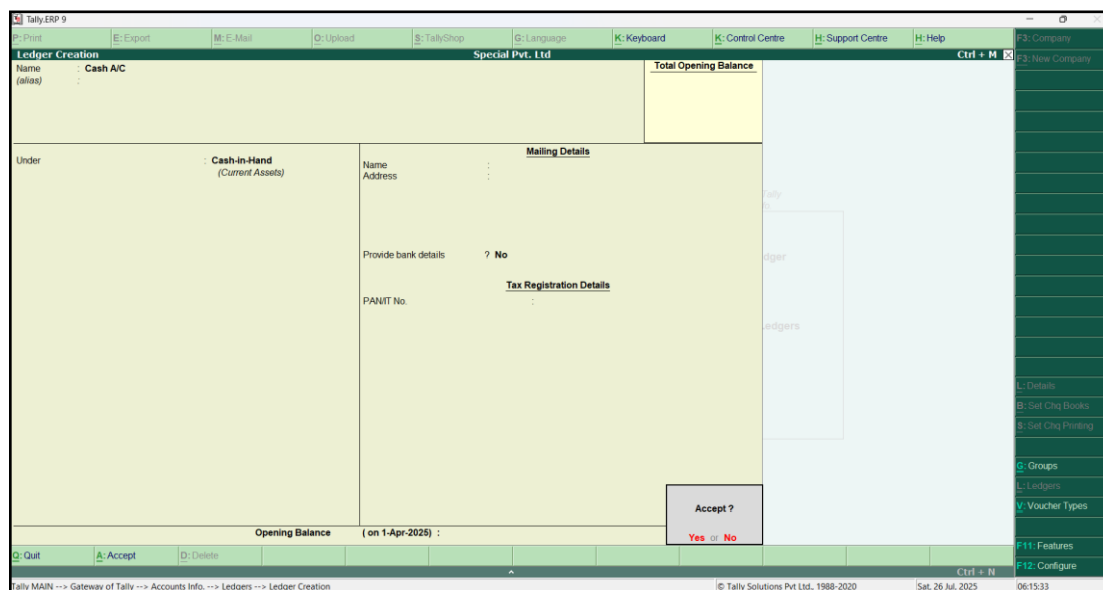

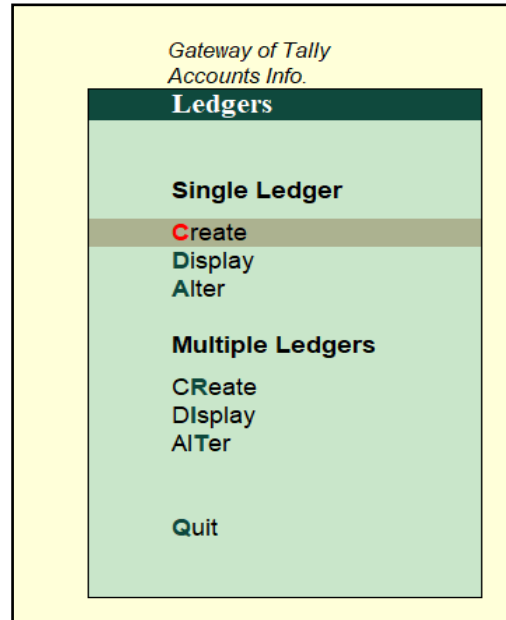

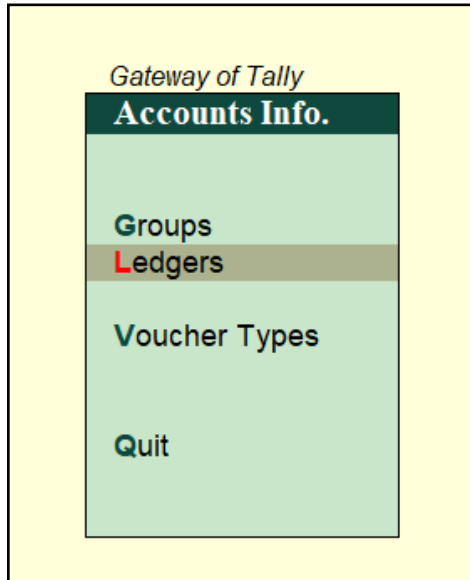

Note: Deleting a company will permanently erase all related data. This action cannot be undone.

Creating / Altering / Deleting Ledgers

To Create a Ledger:

- 1) Gateway of Tally → Accounts Info → Ledgers → Create.
- 2) Enter Name (e.g., Cash), Under Group (e.g., Cash-in-Hand).
- 3) Press Enter and save.

To Alter:

- 1) Accounts Info → Ledgers → Alter → Select Ledger → Edit → Save.

The left screenshot shows the 'Gateway of Tally' menu with 'Accounts Info' selected. Under 'Accounts Info', 'Ledgers' is selected. Under 'Ledgers', 'Single Ledger' is selected. Under 'Single Ledger', 'Alter' is highlighted. The right screenshot shows the 'Special Pvt. Ltd' ledger screen. Under 'Name of Ledger', 'Cash A/C' is selected. Under 'List of Ledgers', 'Cash A/C' is highlighted.

To Delete:

- 2) Go to Alter screen → Press **Alt + D** → Confirm with Y.

The screenshot shows a 'Delete ?' confirmation dialog box. At the bottom, there are two options: 'Yes' and 'No', separated by 'or'.

Unit of Measurement

Steps:

1. Gateway of Tally → Inventory Info → Units of Measurement → Create.
2. Type: Simple
3. Symbol: pcs, Name: pieces
4. Save.

2. Name: Dell Laptop, Under Group: Laptops, Unit: pcs, Quantity: 1, Rate: 78,000 (Example)
3. Save.

Activating Debit Note and Credit Note

Steps:

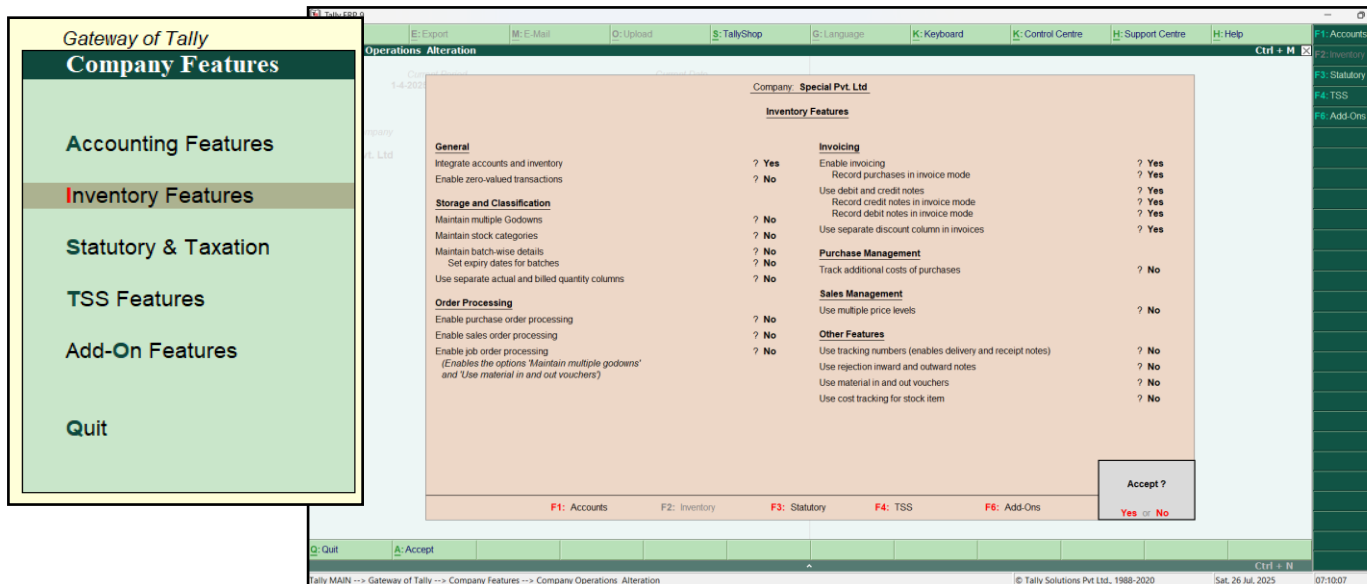

1. Press **F11** from **Gateway of tally** → Accounting Features.
2. Set "**Use debit/credit notes**" to **Yes**.
3. Press Enter and save.

Separating Discount Column in Vouchers

Steps:

1. Press **F11** from **Gateway of tally** → Inventory Features.
2. Set "**Separate discount column in invoices**" to **Yes**.

Journal Entries in Tally ERP 9 with Voucher Types

Record the given business transactions in Tally ERP 9 using the **correct voucher types** as per the **double-entry system** of accounting

1. Started business with Rs 10,00,000.00.
2. Cash deposited in NMB Bank 10,00,000.00.
3. Cash transferred from NMB bank to NIC Asia Rs 3,00,000.00.
4. Purchased 25 dell computers @ Rs 49,500.00 each and received 9% discount, 15 hp computers @ Rs 45,000.00 each and received 10% discount, 20 dell laptop @ Rs 78,000.00 and received 10% discount from hi-tech suppliers.
5. Purchase 15 Lenovo laptop @ Rs 83,000.00 and received 15% discount from DnG suppliers.
6. Purchase returned 5 dell computers and 5 dell laptop to hi tech suppliers.
7. Sales made to ranjan computer store 10 dell computer @ Rs 58,000.00 each, 5 hp computer @ Rs 55,000.00 each and discount allowed 10%.
8. Sales made to unique computer palace 10 dell laptop @ 89,500.00 each, 5 Lenovo laptop @ 95,500.00 each and discount allowed 10 %.
9. Sales returned from ranjan computer store 3 dell computer.
10. Cash received from ranjan computer store Rs 4,00,000.00.
11. Cash received from unique Rs 10,00,000.00.
12. Payment made to hi-tech by cash 4,00,000.00.
13. Payment made to DnG by NMB bank 3,00,000.00.
14. Cash deposited into NMB Bank Rs 10,00,000.00.
15. Cash withdrawn for personal use from NMB Bank Rs 1,50,000.00.
16. Cheque issued Of NMB Bank for Rent Rs, 75,000.00.
17. Cheque issued of NIC Aisa for electricity bills Rs 5,000.00.
18. Cheque issued of NMB Bank for Salary Rs 55,000.00.

Basic Steps to Enter Transactions in Tally ERP 9

1. Gateway of Tally → Accounting Voucher

The screenshot displays the Tally ERP 9 interface. On the left, the 'Gateway of Tally' menu is visible, with 'Transactions' and 'Accounting Vouchers' highlighted. The main window is titled 'Accounting Voucher Creation' and shows a 'Payment' voucher for 'No. 1' dated '1-Apr-2025'. The 'Account' field is set to 'Car Bal'. The 'Particulars' table is empty, and the 'Narration' field is also empty. The bottom status bar indicates the current path: 'Tally MAIN --> Gateway of Tally --> Accounting Voucher Creation'.

Used Software

During the completion of this lab report, the following software tools were used for accounting practice and report generation:

1. **Tally ERP 9 (Educational Version)**
 - Used for journal entries, voucher creation, inventory management, and financial reporting.
 - Educational mode was used, which allows data entry for a single day.
2. **Microsoft Word**
 - Used to prepare and format the lab report.
3. **Windows 10 Operating System**
 - Platform for running the above applications.

Bibliography

The following resources and materials were consulted during the preparation of this report:

- **Tally Solutions Pvt. Ltd. –**
Official Documentation and User Manual of Tally ERP 9
Website: <https://tallysolutions.com/global/>
- **Financial Accounting for BCA**
Author: Yadav Raj Koirala, Shree Ratna Shakya, Bhanu Bhakta Shirma
Publication: Asmita Books Publisher & Distributors (P) Ltd.
ISBN: 978 – 9937 – 687 – 88 – 1
- **Lab Manual Provided by Yeti International College –**
Course material and question set for Financial Accounting Lab
- **Tribhuvan University Curriculum Guidelines –**
For Bachelor of Computer Applications (BCA), 2nd Semester
